

6th SKI D'OR DES PARENTS

McCALL MacBAIN Family Trophy

L'ALPE D'HUEZ, 19 and 20 April 2008

AIMS:

To enable the parents of children participating in the Etoile d'Or and Ski d'Or competitions to compete against each other in an event that is both competitive and fun.

PRINCIPLE OF THE "SKI D'OR DES PARENTS" EVENT

This is a two-day event:

- day one: qualifying race in the form of a 1-run giant slalom;
- day two: final consisting of a parallel slalom to take place at the same time and on the same course as the "Ski d'Or" final.

CONDITIONS OF PARTICIPATION:

Participants must a parent or guardian of a competitor taking part in the Etoile d'Or or Ski d'Or competition in the current season.

Helmets must be worn.

Participants consent to the use of their names and any photographs, whether in an exhibition or in advertising in the media, press, radio, television or any promotional purpose.

CATEGORIES:

- Ladies
- Men

REGISTRATION:

Entries will either be sent by the ESF director to the SNMSF Technical Department or participants can register at the event venue on the day before the event during the race committee meeting.

NATURE OF THE RACES:

- 1) qualifying race:** 1-run giant slalom (of the type organised for the Flèche certificate);
- 2) SKI D'OR DES PARENTS final:** parallel slalom taking place in accordance with the FFS rules specific to this type of event.

RANKING

a) Qualifying race

The following will be drawn up:

I - an individual ranking for each category:

Ladies and Men

II - an ESF ranking including all categories

The ESF ranking is obtained by adding the times (in the form of points) of the two best competitors in each ESF school.

The ESF schools can only be ranked once.

Calculation of points

- the competitor coming first scores the most points
- the competitor coming last scores no points

The following formula is applied to award points on the basis of the competitor's ranking in his/her category:

$$\text{Number of points obtained} = 100 - \left(\frac{\text{ranking in his/her category}}{\text{Number of competitors ranked or participants in the category}} \times 100 \right)$$

Example: in a category containing 30 participants

the competitor coming 1st scores:

$$100 - \left(\frac{1}{30} \times 100 \right) = 96.66 \text{ points}$$

the competitor coming 3rd scores:

$$100 - \left(\frac{3}{30} \times 100 \right) = 90 \text{ points}$$

the competitor coming last scores: $100 - 100 = 0$ points

the competitor coming first in a category containing 50

$$\text{participants scores } 100 - \left(\frac{1}{50} \times 100 \right) = 98 \text{ points;}$$

(his/her performance is better)

b) Final

The number of participants going through to the final shall be determined by the organising committee after the qualifying race.

An individual ranking for each category will be drawn up.

COMPLAINTS

Complaints about participants must be made at the first race committee meeting on the day before the qualifying races.
